

Sec. 2. *Be it further enacted*, That it shall be the duty of the person so selected and appointed, to examine and survey each and every county of the State, to ascertain the different geological formations of each county and section of the State; the nature, character and value of its minerals; the nature and character of its soils, and the best mode of improving the same; the nature and kind of its productions, ^{Duty of person so appointed.} and their position and relative value; its facilities for manufacturing; the extent and value of its water power; the character and value of its botanical productions; the character and value of its timber; and all other facts connected with the subjects of geology, mineralogy, botany and agriculture, which may tend to a full development of the resources of our State: and that the said person so selected and appointed to conduct said survey, shall be authorized to employ such agents and assistants to be approved of by the Governor, as may be necessary to enable him speedily and successfully to accomplish the objects committed to his charge; and he shall, from time to time, communicate to the Governor, to be by him communicated to the Legislature, a report or reports, in writing, setting forth fully the results of his survey; which reports shall be published under the supervision of the Governor and Literary Board.

Sec. 3. *Be it further enacted*, That the expenditures incurred by said survey shall not exceed five thousand dollars per annum, to be paid by the Public Treasurer, upon ^{Amount appropriated.} the warrant of the Governor, out of any moneys in the Treasury not otherwise appropriated.

Sec. 4. *Be it further enacted*, That it shall be the duty of the person making such survey to deliver lectures upon the subjects committed to his charge, in the villages through which he shall pass: *Provided*, that he shall not thereby delay his other duties. ^{Lectures.}
